Wii
BIG BEACH SPORTS 2
THQ
INSTRUCTION BOOKLET

PLEASE CAREFULLY READ THE Wii™ OPERATIONS MANUAL COMPLETELY BEFORE USING YOUR Wii HARDWARE SYSTEM, GAME DISC OR ACCESSORY. THIS MANUAL CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

⚠ WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

Convulsions	Eye or muscle twitching	Altered vision
Loss of awareness	Involuntary movements	Disorientation

- To reduce the likelihood of a seizure when playing video games:
  1. Sit or stand as far from the screen as possible.
  2. Play video games on the smallest available television screen.
  3. Do not play if you are tired or need sleep.
  4. Play in a well-lit room.
  5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing, or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

⚠ CAUTION - Motion Sickness

Playing video games can cause motion sickness in some players. If you or your child feel dizzy or nauseous when playing video games, stop playing and rest. Do not drive or engage in other demanding activity until you feel better.

⚠ CAUTION: WRIST STRAP USE

Please use the wrist strap to help prevent injury to other people or damage to surrounding objects or the Wii Remote in case you accidentally let go of the Wii Remote during game play.

Also remember the following:

- ***Make sure all players put on the wrist strap properly when it is their turn.***
- ***Do not let go of the Wii Remote during game play.***
- ***Dry your hands if they become moist.***
- ***Allow adequate room around you during game play and make sure that all areas you might move into are clear of other people and objects.***
- ***Stay at least three feet from the television.***
- ***Use the Wii Remote Jacket.***

SYSTEM MENU UPDATE

Please note that when first loading the Game Disc into the Wii console, the Wii will check if you have the latest system menu, and if necessary a Wii system update screen will appear. Press OK to proceed.

When the system menu is updated, unauthorized hardware and/or software modifications may be detected and unauthorized content may be removed causing the immediate or delayed inoperability of your console. Failure to accept the update may render this game, and future games, unplayable. Please note that Nintendo cannot guarantee that unauthorized software or accessories will continue to function with the Wii console after this or future updates of the Wii system menu.

HEALTH AND SAFETY INFORMATION

To prevent injury and/or to prevent damage to the Wii Balance Board or surrounding objects, follow these guidelines during gameplay:

- Be aware of your balance so that you do not slip or fall from the board. Avoid more movement than is needed to operate the game you are playing.
- Do not wear shoes or socks while using the board. Playing barefoot should reduce the risk of slipping or falling. If your feet become damp during gameplay, stop and dry your feet and the board before continuing.
- No more than one person should use the board at a time.
- Make sure you have adequate space between you and any other objects or people during gameplay. Nintendo recommends at least 3 feet (1 meter).
- Avoid stepping or standing on the edges of the board.
- Always place the board on a flat, horizontal and stable surface. Do not use the board on slippery surfaces. If using on thick carpet, use the Wii Balance Board foot extensions included with the Wii Balance Board.
- Do not use the Wii Balance Board if you are under the influence of alcohol or any other substance which could affect your sense of balance or perception and cause you to slip or fall.

IMPORTANT PRECAUTIONS WHEN USED BY CHILDREN:

An adult must explain all Health and Safety Information and usage guidelines and instructions to all children who are going to use the Wii Balance Board. Failure to do so may result in injuries or damage to the system or other property. Observe children during gameplay for proper and safe use of the board.

An adult should assist young children when first playing to make sure they understand correct use.

⚠ WARNING - Injury Due to Pre-existing Conditions

Gameplay with the Wii Balance Board may require varying amounts of physical activity. Consult a doctor before using the Wii Balance Board if:

- you are or may be pregnant,
- you have heart, respiratory, back, joint or other orthopedic conditions,
- you have high blood pressure,
- you have difficulty with physical exercise, or
- you have been instructed to restrict physical activity.

While using the Wii Balance Board, if you experience excessive fatigue, shortness of breath, chest tightness, dizziness, discomfort or pain, STOP USE IMMEDIATELY and consult a doctor.

Wii BALANCE BOARD™ SYNCHRONIZATION

If you have previously used the Wii Balance Board with your Wii console, it may already be synchronized. Follow the in-game instructions to continue.

If this is the first time using the Wii Balance Board with your Wii console, it will need to be synchronized before use. Follow the instructions in the Wii Balance Board operations manual, Synchronizing the Wii Balance Board with your Wii Console section, or see the online manual at support.nintendo.com.

MAIN MENU

The Main Menu shows the eight icons that represent the games found in Big Beach Sports 2: Canoe, Cricket, Disc Golf, Dune Buggy, Water Rocket, Rugby, Soccer, and Surfing. Selecting the icon for the sport you would like to play and then selecting continue will bring you to the setup menu for each mini-game. You can select your characters, set your game options, and dive in for fun on the sand and surf. You can also select the right or left arrows near the top of the screen to customize your character and adjust the Game Options.

CHARACTER CUSTOMIZATION

With Character Customization you can adjust the appearance of your in game competitor. First select one of the eight characters and then you can change their jersey style and jersey colors.

GAME OPTIONS

Adjust the Music and Sound Effects Volume as well as troubleshoot any problems you may be having with the Wii Balance Board.

THE GAMES

CANOE

Race to victory in Canoe by paddling through the gates along the course. Be careful, you are given a speed penalty when missing gates.

To move through the water, continuously press the 2 Button to paddle. Tilt the Wii Remote left or right to turn the canoe. To make a tight turn, tilt the Wii Remote while holding the 1 Button. Brake by holding the 1 Button.

Pro Tip!
If you're moving fast enough and hold the 1 Button in a wave, you can ride the wave down the course!

CRICKET

In Cricket, the goal is to score more runs than your opponent as well as dismiss all of their team's players.

While batting, swing the Wii Remote to swing a drive with a cricket bat. While batting, hold the A Button while swinging the Wii Remote to make a cut shot. While batting, hold the B Button while swinging the Wii Remote to make a pull shot. You can also use the Control Stick to position the Batter. Hold the Z Button on the Nunchuk during your swing to get more height and distance.

While bowling, press the Z Button to start the run for the throw, and swing the Wii Remote to bowl regularly. While bowling, hold the A Button while swinging the Wii Remote for a fast bowl. Hold the B Button while swinging the Wii Remote for a spin bowl. You can also use the Control Stick to direct your throw.

DISC GOLF

Toss your disc into the volcanic crater with the fewest throws to win the course!

Tilt the Wii Remote to adjust the curve of the disc. Twist the Wii Remote to adjust the angle of attack for the disc. When you're ready to toss your disc, hold the B Button, swing your Wii Remote forward, and release the B Button to throw. Pressing Up or Down on the +Control Pad will change the disc used. Distance, Mid-range and Finesse discs are available to handle all types of throws. Pressing Left or Right on the +Control Pad adjusts the direction of the character's aim.

Pro Tip!
Watch for the wind direction and wind speed displayed in the upper left corner of the screen when planning your shot.

DUNE BUGGY

There are three tracks available. The first is the easiest as there are no additional obstacles. However, the second track is made more difficult by including mud pits to slow you down. The third track includes both mud pits and wild monkeys that throw banana peels to make you lose control.

Accelerate by holding down the 2 Button. Tilt the Wii Remote left or right to steer the vehicle. Brake by holding the 1 Button. If you're in a tight spot, you can also hold the 1 Button to put the vehicle in reverse.

WATER ROCKET

Race to victory in Water Rocket by driving through the gates along the course. Be careful, you are given a speed penalty when missing gates.

To accelerate, hold the 2 Button. Tilt the Wii Remote left or right to steer the Water Rocket. Brake by holding the 1 Button. If you're in a tight spot, you can also hold the 1 Button to put the Water Rocket in reverse.

RUGBY

The goal of Rugby is to score more points than your opponent.

To move around the field, push the Control Stick in the direction that you want to go. To sprint across the field, hold the Z Button. When sprinting, the stamina bar decreases. When the stamina bar is empty, the player cannot sprint anymore.

While carrying the ball, you can pass it to the teammate closest to you by pressing the A Button. If you're not carrying the ball, you can switch characters by pressing the A Button.

To drop kick the ball, press the B Button. Pressing and holding the B Button will charge up your kick for more distance. To regain stamina, shake both the Wii Remote and Nunchuk rapidly.

If you're not carrying the ball, you can tackle other players by shaking the Wii Remote.

SOCCER

The goal of Soccer is to score more points than your opponent.

To move around the field, push the Control Stick in the direction that you want to go. To sprint across the field, hold the Z Button. When sprinting, the stamina bar decreases. When the stamina bar is empty, the player cannot sprint anymore.

While controlling the ball, you can pass it to the teammate closest to you by pressing the A Button. If you're not controlling the ball, you can switch characters by pressing the A Button.

To take a shot at the net, press the B Button. Pressing and holding the B Button will charge up your kick for more distance. To regain stamina, shake both the Wii Remote and Nunchuk rapidly. If you're not controlling the ball, you can slide tackle other players by shaking the Wii Remote.

SURFING

In Surfing, the goal is to perform consecutive tricks on the wave to increase the trick difficulty and rack up the most points.

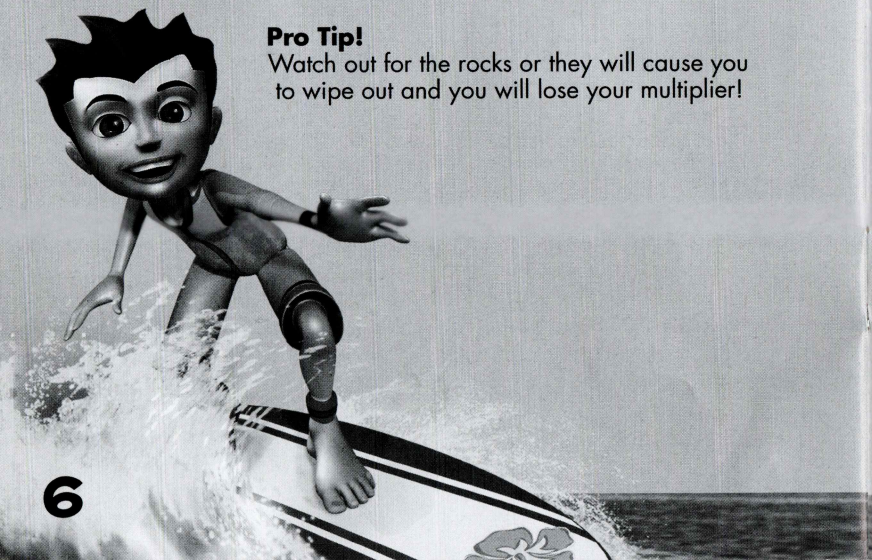
To complete a trick, ride up the wave and then shift your balance on the Wii Balance Board to match all of the arrows on the screen. If all the arrows are matched in sequence, then the trick will be completed successfully. You can greatly increase your score by collecting the tiki heads as they add a multiplier to your score.

When using the Wii Balance Board, you have the option of playing either Regular or Goofy Foot. Regular stance is for players who would normally stand with their left foot forward on a surfboard. Goofy Foot is for those who would normally stand with their right foot forward.

Using a Regular stance, shift your center of balance to your heels on the Wii Balance Board to carve left. To carve right, shift your center of balance to your toes on the Wii Balance Board. These controls are inverted using a Goofy Foot stance.

When playing in Regular mode, turn the Wii Balance Board 90° clockwise and stand on the Wii Balance Board with your left foot closest to the TV. For Goofy Foot, turn the board 90° counter-clockwise and stand with your right foot closest to the TV.

In absence of the Wii Balance Board, tilt the Wii Remote left and right to carve left and right respectively. To complete a trick, ride up the wave and then tilt and twist the Wii Remote to match the direction of all the arrows on the screen. If all the arrows are matched in sequence, then the trick will be completed successfully.



Pro Tip!
Watch out for the rocks or they will cause you to wipe out and you will lose your multiplier!
